PROFESSIONAL SUMMARY

Data-Informed **Data Analyst** and **Data Scientist** in Training with **4+** years of experience in **data analysis, visualization, and business intelligence**. Adept at managing and cleaning large datasets as a **Data Management Specialist** and maintaining robust databases as a Database Administrator. Skilled in **Excel, Power BI, and SQL for data modeling, reporting automation, and dashboard creation** that fuel strategic decision-making. Recognized for streamlining workflows, ensuring data integrity, and **delivering actionable insights** under tight deadlines. Currently expanding expertise in **advanced analytics, predictive modeling, and data science methodologies to solve complex business challenges**.

CORE COMPETENCIES

- Data Analytics (SQL, Power BI, Excel, Python - Pandas, Matplotlib)
- Advanced Microsoft Excel (Pivot Tables, Data Validation, Charts, Formulas, VLOOKUP, Conditional Formatting)
- Dashboard Design, KPI Analysis, Reporting Automation
- Data Modeling, ETL, Stored Procedures
- Version Control (Git, GitHub), Stakeholder Communication

EXPERIENCE

Property & Data Administrator Eastcastle Infrastructure Nigeria Ltd – On-Site | September 2025 – Present

- Built and maintained **Excel dashboards** to track over **400+ telecom sites** across RFI, WIP, and HOC stages, improving project visibility and reporting accuracy by **25%**.
- Designed and monitored **KPIs** for project timelines, completion rates, and payments, while updating and validating data on **Invedis** for real-time stakeholder visibility.
- Processed **vendor, Federal/State Permits, and landlord payments** using **Adobe Sign** and **Proforma Invoices**, collaborating with Finance, Legal, and Operations teams to reduce payment delays by **20%**.
- Combined **administrative support with data analysis** to enhance operational efficiency, improve compliance tracking by **30%**, and support informed decision-making.

Excel/Power BI Tutor (Volunteer) De Victorian Academy – Remote | July 2025 - Present

- Delivered weekly training sessions** on Excel and Power BI for over 50+ aspiring analysts, **achieving a 90% course completion rate** and measurable skill improvement.
- Supervised and reviewed real-world projects**, enabling students to apply advanced data analysis concepts, **leading to 60% of learners publishing dashboards on Power BI Service and GitHub**
- Provided tailored mentorship and portfolio reviews**, resulting in **5+ students securing internships or freelance data roles within 2 months** of course completion

Data Analyst His-Grace Supermarket – Hybrid | Jan 2025 - August 2025

- Developed an Ancillary Revenue Dashboard** in Power BI and Excel to monitor add-on service performance, **boosting upsell conversion strategies by 18%**.
- Optimized reporting efficiency** by automating SQL-based report generation from business queries, **reducing analyst workload by 10+ hours weekly** and ensuring error-free outputs.
- Built an Inventory Optimization Model** using SQL and Python, **improving route-level pricing accuracy by 15%** for airline simulations.
- Revamped reporting systems** with automated KPI tracking, **accelerating pricing decision-making cycles by 20%**.

Data Analyst Intern NanoEdge International – Remote | Jul 2024 - Dec 2024

- Designed and deployed Call Center & E-Commerce Dashboards** in Power BI and MSSQL, **identifying trends that drove a 12% improvement in operational efficiency**.
- Engineered Python-based EDA automation scripts**, **cutting processing time by 30%** and improving data validation accuracy across multi-source datasets.
- Streamlined ETL workflows** by developing SQL scripts for multi-source data pipelines, **reducing data load time by 40%** and improving dataset consistency.

Data Analyst Mercy of God Schools – On-Site | May 2023 - Apr 2024

- Created Excel dashboards** to track academic and financial metrics, **reducing manual reporting time by 25%** and improving decision-making speed.
- Implemented advanced data validation checks, boosting reporting **accuracy by 20%**.

- **Developed SQL stored procedures** to automate budget and performance reporting, **cutting manual work by 50%** for leadership teams.

Data Entry/Data Analyst (Volunteer)
Adex - Bakery - Lagos Nigeria | Feb 2018 - Dec 2020

- **Designed and implemented Bakery Sales Performance Dashboard** in Excel and Google Sheets to track product categories, seasonal trends, and customer purchase patterns, **increasing upsell of premium baked goods by 18%**.
- **Improved reporting efficiency** by automating daily, weekly, and monthly sales and inventory reports in Excel and Google Sheets, **reducing manual data entry time by 10+ hours weekly** and ensuring accurate, up-to-date records for production planning.
- **Created Ingredient Inventory Tracking and Optimization System** in Excel to forecast stock needs, **reducing waste by 15%** and ensuring consistent availability of best-selling bakery products.
- **Revamped reporting systems** with automated KPI tracking, **accelerating pricing decision-making cycles by 20%**.

PROJECTS

- Dano Airline Performance Analysis - Power BI dashboard tracking airline service quality and customer satisfaction.
[Dano Airline - Project Link](#)
- Walmart Sales Analysis - SQL project evaluating branch, product, and customer behavior metrics.
[Walmart Sales - Project Link](#)
- Layoffs Data Cleaning - End-to-end SQL data wrangling and insights from a global layoffs dataset.
[Layoffs - Project Link](#)
- Global Superstore Analysis - Power BI storytelling project identifying profit gaps and sales insights.
[Global Superstore - Project Link](#)
- Fintech Customer & Performance Intelligence - Excel-based dashboard tracking churn and behavior metrics.
[Fintech - Project Link](#)
- Sales Performance Analysis - Interactive Excel dashboard analyzing key sales KPIs.

ACADEMIC QUALIFICATIONS

- **Higher National Diploma (HND), Marketing**
Federal Polytechnic Ede, Osun State, Nigeria – 2022
- **National Diploma (ND), Business Administration & Management**
Federal Polytechnic Ede, Osun State, Nigeria – 2016

TOOLS

SQL (MSSQL, MySQL, PostgreSQL, Snowflake – Beginner), Excel, Power BI, Tableau (Learning), PowerPoint (Microsoft Office), Google Sheets, Confluence, Calendly

SOFT SKILLS

Critical Thinking, Communication Skills, Attention to Detail, Problem-Solving Ability, Storytelling with Data, Collaboration & Teamwork.

CERTIFICATIONS

- **Data Analytics with SQL, Excel & Power BI – DigitaIey Drive (2025)**
- **Python Programming – NanoEdge International (2024)**
- **National Youth Service Corps (2024)**
- **Customer Relationship Management – Alpha Consulting Services (2024)**
- **Data Science Training – Tech Crush Bootcamp (In Progress)**
